VETERAN'S DAY

Veteran's Day is observed each year on Nov. 11th. The holiday is in observance of the eleventh hour of the eleventh day of the eleventh month in 1918, after four years of hostilities that a truce, or armistice, finally ended World War I. The holiday also observes the contributions and sacrifices made by the men and women who have served and are currently serving in our nations Armed Forces. At exactly 11 a.m. each Nov. 11th, a color guard, made up of members from each of the military branches, renders honors to Americans who paid the ultimate price. The heart-moving ceremony takes place at the Tomb of the Unknowns in Arlington National Cemetery. The President or his representative places a wreath at the Tomb and a bugler sounds Taps. The balance of the ceremony, including a "Parade of Flags" by numerous veterans service organizations, takes place inside the Amphitheater adjacent to the Tomb.

Living Green Tips

November: Magazines, Books and Anything Paper

- One ton of recycled paper saves 380 gallons of oil.
- It takes the same amount of energy to produce just four sheets of paper as it does to power a laptop for one hour.
- E-Books are a great green alternative to paper books. E-books don't use paper or require fuel to ship.
- Going to the library to re-use books is a greener way to go than buying new books.
- You can donate your old magazines to scouting troops, libraries, doctor offices, gyms, and salons! Just make sure to cut out your address if you had them delivered to your home or office.
